FALL 2020

Way to **BOOST** your savings!

This year, we're extra thankful for you.

By learning good savings habits, Dupaco's youngest members helped grow the credit union. That's good for you and other members too.

Kids younger than 18 years old were thanked with a \$25 Thank Use "boost" for saving at the credit union.

You needed to make at least five individual deposits of \$5 or more into your savings account by Sept. 30. And lots of Dupaco kids did!

Thank
USE

This was the second year for Boost.

And **4,856** young members earned **more than \$121,000** in Thank Use. Now that's being super thrifty!

Keep saving, and you could earn Thank Use in 2021. We'll share the deets with you in January.

DoPACK member spotted!

DoPACK member Kade practices math after receiving his Dupaco birthday card and PACK-tivity.

Saving money

Sure, Thank Use 2020 is over. But you can still keep saving!

MONEY \$ense

Information and activities for parents and children to learn together and make sense of their money.

My Savings Goal:

My goal is to save _____ for _____.

amount (\$) what you're saving money for

This item is worth waiting for because:

When I meet my goal, I will feel:

BROUGHT TO YOU BY

Keeping your money safe

Imagine this: You're out for a walk, and you find a stack of shiny gold bars. Where do you put your treasure to keep it safe? You have to make a similar choice with your money. There are many places you can save your money to keep it safe.

Saving in a piggy bank

A piggy bank keeps your money in one spot. This makes it easier for you to find your money when you need it. Keeping your savings in your room is handy, but it might not be safe from sneaky siblings. Also, when your money is close by, you might be tempted to spend it before you've reached your savings goal.

Saving in a savings account

Did you know that you get paid to deposit (or put) your money in a savings account?

Interest is the money your credit union pays you for keeping your money in a savings account. The longer you keep your money there, the more interest you earn.

A savings account is safer than a piggy bank, and it makes you extra money!

Questions

- Where do you keep your money right now?
- Why might you choose to keep your money in a piggy bank?
- Why might you choose to keep your money in a savings account?
- What is interest?
