Way to **BOOST** your savings!

By practicing saving, Dupaco's youngest members helped grow the credit union. That's good for you and other members too!

Participating kids were thanked with a \$25 Thank Use "boost" for regularly saving this year. Check it out: **5,760** young members earned **\$144,000** in Thank Use. These members made at least five deposits of \$5 or more by Sept. 30. Now that's being super thrifty!

Keep saving, and you could earn Thank Use next year. We'll tell you how in January!

Do you know what charity is?

Charity involves giving money, goods or time and talents to those who need it.

Giving money

MONEY *\$ense*

Information and activities for parents and children to learn together and make sense of their money.

Getting Good at Giving

THERE ARE LOTS OF DIFFERENT WAYS TO GIVE

Save. Spend. Share.

For most people, spending comes naturally. Saving up for something special is harder. And setting aside money to give to others is really hard. But all three of these are important money lessons to learn. You can practice any time you receive your allowance or money as a gift by dividing it into three groups: Save, spend and share. The amount of money you put into each group is up to you!

It's important to save money for the more expensive items that you really want.

This money can be used to buy anything you like—small items and fun treats just for you.

You can help others by sharing some of your money with a charity or someone in need.

Questions

If you had \$10, how much would you save, spend and share?

What's something more expensive that you want to save up for?

Is there a cause or charity that you'd like to give to?

Why is giving back important?

Fun things to do: Be on the lookout for upcoming events by checking Dupaco's Member Events and Discounts web page.
